HANATABA UJI MATCHA
SAEMIDORI, OKUMIDORI

- Elevate your experience with Hanataba Matcha — “Fresh Green Leaf Aroma.” 🍵
- Sourced from Uji, Hanataba Matcha is a stone-ground blend of Okumidori and Saemidori cultivars. The blend balances Hika, the warm roasted depth from high-heat fired leaves, with Ooika, the fresh shaded sweetness preserved through careful low-heat processing. The result is a layered, aromatic matcha with both warmth and brightness.
- Taste Profile: Roasted rice, Sweet, Floral, Creamy and Nutty.
